

Bi expert[®]

GP Bifocal Design with

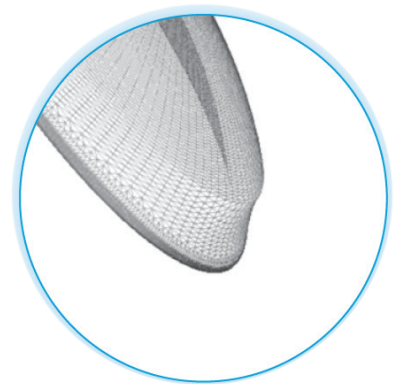

of comfort
guaranteed.

Bi
expert[™]
Slab Off Technology

**Surround your
presbyopic patients in comfort**
with the Bi expert GP bifocal design.

- Patented slab off technology - for a 360 uniform thin edge
- Non-truncated - resulting in a comfortable, thinner lens
- Rapid stabilization - delivering excellent visual clarity

Bi expert Design:
Inverse curve fits the lower
eyelid for natural translation

GP Bifocal Design with Unique Edge Thickness Control

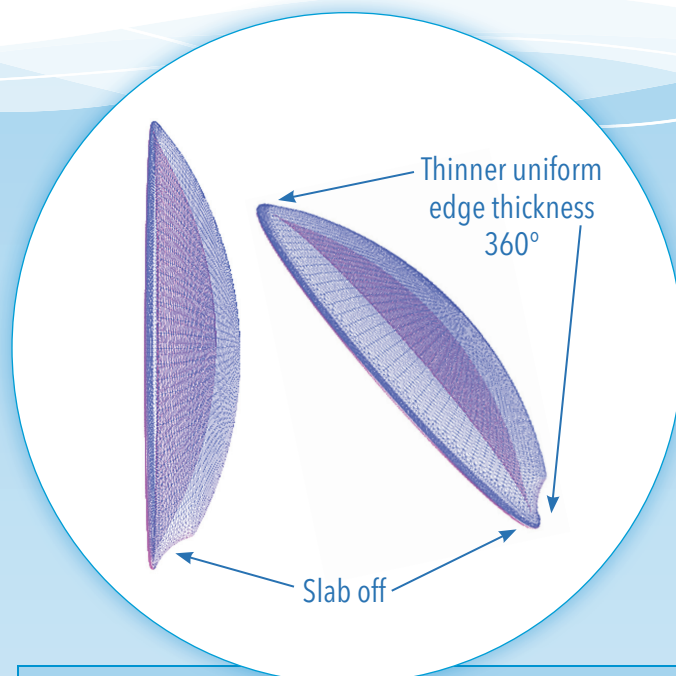

Simple Lens Fitting – No Trial Set Needed

- Fit with K's and Rx, or can be more customized using other ocular measurements
- Immediate visual clarity for patients
- Less chair time to achieve final fit
- Fitting is easy with the Bi expert online calculator or the simplified Design Order Sheet – and the fit is guaranteed

Key Design Features

- Unique slab-off construction naturally positions on lower eyelid*
- Rapid, stable translation provides instantaneous vision change from distance to near
- Uniform edge thickness 360° around lens circumference, providing excellent comfort
- Available in spherical, aspherical, back toric, front toric designs
- Excellent option for all presbyopes

*patent pending #PCT/FR2008/001125
